OPERATOR - The violations in operating procedure or physical arrangement indicated below must be corrected by the next routine inspection or by a date specified in this report.

Observed Violations

Total # 3

Risk/Intervention - 02 - Certified Food Protection Manager
OBSERVATION: There is no approved or current certified food manager for this establishment. Main cook at camp has the certificate posted for Certified Food Handler, but has not taken the Manager course.
CORRECTIVE ACTION(S): Provide an approved certified food protection manager in the food establishment within [90 days]. Correct By: 21-Oct-2021
CODE CITATION: 12-201.11

Good Retail Practices - 36 - Thermometers provided and accurate
OBSERVATION: (CORRECTED DURING INSPECTION): Thermometer used in food establishment is not accurate to +/- 2°F. Thermometer read 40 F when placed in cup of ice with water.
CORRECTIVE ACTION(S): Calibrate or replace thermometer. Thermometer was adjusted to read 32 F in cup of ice with water. Correct By: 21-Jul-2021
CODE CITATION: 4-203.11 (A)

OBSERVATION: The on-site camp health services staff does not meet minimum training qualifications. Currently, health services staff have an American Red Cross basic first aid and CPR course.
CORRECTIVE ACTION(S): Provide an individual that meets at least the minimum requirements for health services staff.
 Correct By: 26-Jul-2021

CODE CITATION: (b) Health services staff qualifications. 1. Except as provided under par. (e) and as permitted in subd. 3., the on-site health services staff shall include at least one of the following:

- a. A physician licensed in Wisconsin.
 - b. A registered nurse licensed in Wisconsin.
 - c. A physician assistant licensed in Wisconsin.
 - d. A practical nurse licensed in Wisconsin.
 - e. A national athletic trainers association certified trainer.
 - f. An emergency medical technician or a paramedic.
 - g. A person currently certified as completing the American red cross emergency response course.
 - h. A person currently certified as completing the American red cross responding to emergencies course or equivalent.
2. Except as permitted in subd. 3., anyone working as a member of the on-site health services staff at a camp shall hold current certification from the American red cross for CPR for the professional rescuer or the American heart association for health care provider CPR or equivalent age-appropriate cardiopulmonary resuscitation.
3. Persons holding a current certificate for the completion of the American red cross community first-aid and safety course or equivalent and a current certificate for the completion of a course for adult, child and infant cardiopulmonary resuscitation may serve as health services staff provided all of the following conditions are met:
- a. The users of the camp are coming as an organized group such as a school class, a church group or a scout troop.
 - b. The program is for a period of 3 nights or less.
 - c. The local ambulance service provider or emergency medical service states in writing that there is a target response time of 15 minutes or less to the camp unless the department approves a longer response time.
 - d. There is a telephone capable of connecting with emergency medical services without the use of coins, accessible at all times during camp operation and located in close proximity to the camp buildings or lodging units.

Comments:

Approx 16 resident campers per week, 40-50 day campers, and 7 counselors. 2 lifeguards.

Ensure designated rescue boat is available for immediate use whenever waterfront activities extend beyond the designated swim area. Include at least one reachable item, and a throw item including: ring buoy, or rescue tube. All medications brought by campers shall be in the original package with the prescription label attached, or the over-the-counter directions on the packaging.

Any operator aggrieved by an order of this department under this chapter may request a hearing as provided in ch.227 statute, if state licensed, or a local ordinance if licensed by an agent health department.
