OPERATOR - The violations in operating procedure or physical arrangement indicated below must be corrected by the next routine inspection or by a date specified in this report.

Comments:

- 1) Control over refrigerated medicines is established, however, facility should have a locking refrigerator for those medications.
- 2) Only one trip off property takes place, for one night, up river from camp. A pre-numbered log book of the medications administered during the trip should be used.

Any operator aggrieved by an order of this department under this chapter may request a hearing as provided in ch.227 statute, if state licensed, or a local ordinance if licensed by an agent health department.
