### Please read carefully before signing:

Information requested on this application must be provided to obtain a Public Pools and Water Attractions establishment license. Operating without a license is a violation of Wisconsin law. If you have been operating without a license, you will be required to pay an operating without a license fee in addition to the license fee. Licenses are not transferable between persons or locations. **Licenses expire annually on June 30; except licenses issued after April 1 expire on June 30 of the following year.** The license fee is not prorated for partial license years. The department or agent may inspect premises at any reasonable time. **Missing information may delay the issuance of your license.** You are not licensed to operate until the department or agent conducts an inspection. Your signature below will acknowledge that you have received a copy of the code or information as to where to obtain a copy of the code and will comply with all applicable Wisconsin Administrative Code(s). The undersigned hereby certifies that this is a true, complete, and accurate application for the Public Pools and Water Attractions establishment license under Wis. Stat. § 97.67.

Within 30 days after receiving a complete application for a license, the department or its agent shall either approve the application and issue a license or deny the application. If the application for a license is denied, the department or its agent shall give the applicant reasons, in writing, for the denial. A license shall not be issued to an operator without prior inspection.

# Public Pools and Water Attraction – Complexity Category Calculator

Use of form is voluntary. The top table of this form can be used to determine your Public Pool and Water Attraction establishment's complexity category, which determines the license type and license fees. The complexity category is needed to complete your license application, but this form does not need to be returned. **A separate license is required for each basin. Note that information about features of your public pool and water attraction establishment is necessary for your application (see bottom table).**

**Check all that apply**

Basin	1	<input type="checkbox"/>
The pool type is a whirlpool or therapy pool	1	<input type="checkbox"/>
The basin is greater than 1999 square feet in area	1	<input type="checkbox"/>
The pool is defined as a water attraction	1	<input type="checkbox"/>
Recirculation system, check <b>one</b> of the following:		
Recirculation system serves only a single pool basin	1	<input type="checkbox"/>
Recirculation system is shared with another pool basin	.5	<input type="checkbox"/>
<b>TOTAL Add all points to determine complexity</b>		

“Basin” means any vessel constructed of manmade materials designed to hold or receive water, including the splash zone of an interactive play attraction, or a run-out slide.

“Therapy pool” means a pool used for professionally administered physical therapy.

“Water attraction” means a pool with design and operational features that provide a patron recreational activity other than conventional swimming that involves partial or total immersion of the body, including an activity pool, interactive play attraction, leisure river, plunge pool, vortex pool, vanishing edge pool, waterslide, run-out slide, drop slide, pool slide, wave pool, zero-depth entry pool, and any public pool with features except wading pools.

“Whirlpool” means a small pool, sometimes called a “spa,” which uses higher temperature water than other pools and may include a water agitation system.

**Does your pool have a Feature?**

“Feature” means a pool with a depth greater than 16 feet, a pool with a surface area greater than 20,000 sq. ft., or a physical object permanently installed in a pool that is intended for recreational use including, a pool slide, waterslide, pad walk, basketball hoop, diving board, wave generator, treadmill, vortex pool, climbing wall, current pool, swim-up bar, vanishing edge pool, tethered or non-tethered floatable, or a spray feature.

Your complexity total calculated above, and if your pool has a Feature, will be used to complete your application.

*Please review Wis. Admin. Code ch. ATCP 76 for specific rule language regarding complexity category assignment.*
